

QuickChange[®]

Self-service coin deposit solution

A quick and simple coin processing for lobby coin applications

The optimization of cash management calls for specialist experience, resources and truly innovative technology. Across the world, Talaris' cash management solutions are trusted by thousands of organizations to ensure their cash is managed securely and efficiently while delivering the ultimate in productivity.

The QuickChange from Talaris is a fully-automated, self-service coin lobby solution which enables financial institutions to draw more clients to the branch, and benefit as a result.

The overall QuickChange design and staff-friendly features that promote continuous processing will delight customers and ensure your staff embrace this new service.

Continuous processing ensures customer satisfaction

QuickChange has easily viewed status lights located on each side of the front façade which alert branch staff to the machine's status to ensure the solution is always available for client use.

Branch Marketing Success

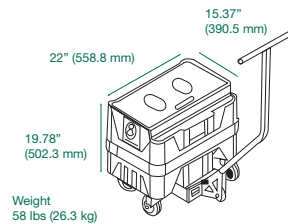

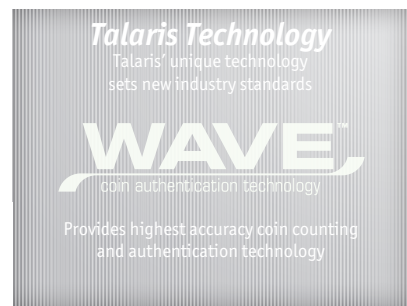

The QuickChange Success Kit includes a sample marketing plan complete with creative applications such as transaction stuffers, posters and advertisements to ensure successful implementation.

Coin Capture Options

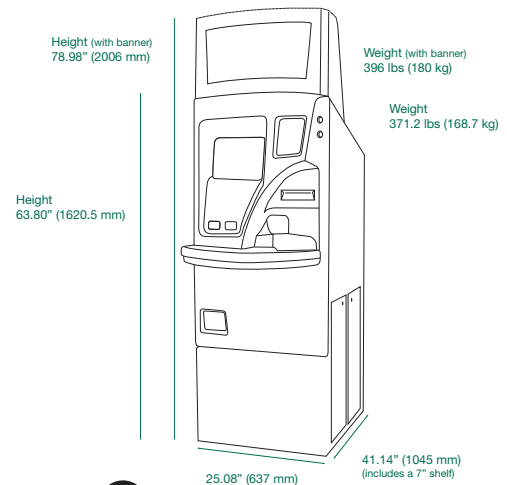

Twelve full Fed size coin bags or dual mixed coin bins.

Key Features

- **WAVE™ Coin Authentication Technology** ensures non-stop processing of coins, reduces fraud, and virtually eliminates cleaning and maintenance requirements for your staff.
- **The optional QuickChange™ Universal Placement Kit** allows you to place your QuickChange almost anywhere in the branch for maximum exposure and accessibility.

Optional transfer cart
(for bin models only)

Weight and dimensions shown are for a QuickChange bag version. Data for other configurations will vary. For complete information on specifications and area space required for internal access and servicing, please contact your account manager.
